

K-LOVE is an integral part of my day and my life, providing spiritual encouragement and music that is free of negativity. So much of what we hear on other stations is inappropriate, offensive, or negative. I believe our communities NEED the music and format provided by K-LOVE. I believe that if LPFM were to cause K-LOVE to be replaced by some other broadcaster providing different programming it would be like removing a bright light in a dark world. Please do NOT allow K-LOVE's ability to broadcast across this nation to be hindered.

Thank You,
